Mrs. Cuvelier presented information to the board in regards to having an early dismissal day each month. This time would be used for staff work and collaboration. Mrs. Cuvelier will be sending a survey to families to see if they will need daycare help due to school letting out early. She proposed that we could offer daycare in the building but families

would need to provide transportation home because the buses would run at the early dismissal time taking the bulk of the students home. Moved by Shatek and seconded by Schmitt to put this plan in place pending the results of Mrs. Cuvelier's survey. Carried unanimously.

Mr. Jurrens asked the board if they would consider early departure incentives for support staff. The same parameters would apply but the dollar amount would be \$25.00 per unused sick day. Staff should notify administration early (by December 31, 2021) that they are leaving, then that staff member could receive the incentive set by the board. This is offered this year only. It is not an annual item. Moved by Schmitt and seconded by Shatek to approve the following Departure Notification Incentive for support staff: 1) Persons 55 or older, 2) 10 years with the district, 3) Let us know their leaving by Dec. 31, 2021, 4) \$25.00 per unused sick days and 5) Amount paid into an HRA after July 1, 2022. Carried unanimously.

Moved by Shatek and seconded by Schmitt to approve the First Reading of Board Policy Series 100. Carried unanimously.

Mr. Jurrens shared information with the board on course enrollment data showing the board course enrollment by gender, race, socioeconomic status, and disability. This data was for the high school and some community college courses.

Mr. Jurrens presented a contract from Align Architecture & Planning, Waterloo Iowa, to the board. The contract will allow Align Architecture to draw up plans for the bus barn project and move forward with the bid process. Moved by Schmitt and seconded by Shatek to approve this contract. Carried unanimously. Mr. Jurrens has been in contact with this architect on a possible shop improvement project as well.

Moved by Steinlage and seconded by Stika to approve the superintendent's six-month evaluation in a closed session held after the Jan. 10, 2022 regular school board meeting. Carried unanimously.

Mrs. Cuvelier and Ms. Lawless thanked the board for allowing outside agencies to come into the building to provide counseling for our students. It is a very important piece for our students' mental health. There was discussion on schedules and the difficulty some students have fitting in all the classes that they would like to attend. The board also talked about the junior high sports during 8th hour. They will discuss this more at the January meeting.

Mr. Jurrens told the board that the convention was very good. Topics this year included social/emotional health of students and staff. They also talked about COVID and where schools are at this year. He shared Turkey Valley's COVID dashboard as well.

Thank you to Brenda Mueterthies for serving on the Turkey Valley School Board. Your years of service were greatly appreciated! She will earn a lifetime pass to Turkey Valley Events.
