Motion carried unanimously by roll call vote.

Jeff Peel met with the Board to discuss an option for vacation of ROW on 360th Street and to request the Board consider making a portion of the road Class B, if the option to vacate isn't approved. The Board will consider the options at a later time.

Michael Kueny, County Engineer, and Nick Rissman, Interim County Engineer, met with the Board to discuss ongoing projects, the potential 28e agreements with the incorporated cities along the W14 paving project, and the 360th Street topic discussed by Peel.

Moved by Vermace and seconded by Kelsay to no longer consider vacation along 360th Street and enforce the previously imposed dead-line for the removal of the riprap along 360th Street. Motion carried unanimously. The Board will work with the County Engineer for further consideration of the option to make a portion of the road Class B. Moved by Vermace and second-

ed by Faldet to adopt resolution 24-26, authorizing Kueny to sign DOT documents as the Winneshiek County Engineer. Motion carried unanimously by roll call vote.

Rissman reviewed the additional costs for the W14 project in the incorporated cities. The County pays for the road paying for the center 22 feet of the road, and the cities are responsible for costs associat-ed with any additional paving they wish to be done in conjunction with the County's project. Ridgeway has no additional costs, Spillville has \$314,662.27, and Fort Atkinson has \$100,013.61. The County will need 28e agreements for repayment structure from the cities for these costs. Moved by Vick and seconded by Kelsay to offer Spillville and Fort Atkinson two options: no interest with a repayment over five years, or repayment over eight years with a two percent interest rate. Motion carried unanimously. Kueny and Rissman will work with the cities and report back.
